## METRIC DEFINITIONS

CATEGORY	METRIC	DEFINITION
<b>Student Outcomes</b>	Freshman Graduating in Five Years	Percent of freshman who graduate within 5 years, including summer school.
	Graduates Enrolled in College or Post-Secondary Education	Percent of graduates who enroll at a post-secondary school. Post-secondary schools include colleges, universities, community colleges, and trade schools.
	Employment Success	Under construction. A rating of graduates with jobs after graduation.
<b>Academic Progress</b>	Average ACT	Average score of all students taking the ACT college entrance exam. Uses scores students received on the PSAE test in 11th grade.
	Students Making Expected Gains	Percent of student tests that achieve the expected improvement from test to test. Tests (Explore, Plan, ACT) are taken from 9th to 11th grade. Compares improvement to the expected improvement based on national averages for each test.
	Meet/Exceed PSAE State Standards	Percent of students meeting or exceeding state standards on the PSAE exam (11th grade).
	Students Enrolled in Advanced Placement Classes	Percent of all enrolled students taking at least 1 Advanced Placement class.
	Students Scoring 3+ on Advanced Placement Exams	Percent of students taking at least 1 Advanced Placement class who score a 3, 4, or 5 on at least 1 Advanced Placement test. Students who score 3 or higher can earn college credit.
	Freshman On-Track to Graduate	Percent of students having earned five credits without failing more than one core class at the end of their freshman year (not including summer school).
	Made NCLB Adequate Yearly Progress	School is graded "Pass" or "Fail." A school passes if at least 47.5 percent of its students meet or exceed state standards.
<b>Student Connection</b>	Average Days Absent per Student	Average number of days absent for each student.
	Participation in Extracurricular Activities	Under construction. A rating of student involvement in at least one after-school activity.
	Safe and Respectful School Climate	Under construction. A rating by students of how safe their school is and how they are treated by staff and other students.
	High Expectations and Support	Under construction. A rating by students of how much is expected of them at their school, and how much support they receive to meet expectations.
<b>School Characteristics</b>	Highly Qualified Teachers	Percent of teachers meeting qualification requirements.
	Average Days Absent per Teacher	Under construction. Average number of days absent for each teacher.
	School Cleanliness	Under construction. Assessment of school facilities and cleanliness based on inspections throughout school year.
